

Aristocrat's Lightning Link™, Multi-game Gold Star™, Arc Single™ Cabinet Make Peru Premiere at Peru Gaming Show

LAS VEGAS (May 31, 2016) – Aristocrat's booth #58 at the Peru Gaming Show will be thrilling, filled with globally recognized sensations that are now making their premiere in Peru and are designed to help operators make the big play with their customers.

"We are very excited for the Peru Gaming Show. Aristocrat is known throughout Latin America for creating cutting-edge cabinets paired with industry-leading content players love, and our exhibit at the show will deliver cabinets and games ready for the big play," said Aristocrat Latin American Vice President Alvaro Nores.

The worldwide sensation Lightning Link™ has been electrifying players around the world, and now operators in Peru can bring this hit game to their players. Lightning Link features player-selectable multi-denominations and a multi-format jackpot, combining both link and SAP jackpots, an excellent mix of games that attract a wide range of players, and a patented new jackpot mechanic for innovative game play and trigger methodology.

Gold Star™ and the upcoming Gold Star™ Diamond Edition™ are new multi-games where players will find six of their favorite E*Series™ titles all in one machine. Dan Marks, head of Gimmie Games, the studio that creates E*Series games for Aristocrat, said, "We believe the E*Series line of games offers a unique combination of eye candy, and a chance at big wins. With every game in the E*Series, we add a little spice with enhanced volatility, creating a completely unique and entertaining gaming experience."

Also making its Peru debut is Aristocrat's curved screen Arc Single™ cabinet, the latest technological advancement from Aristocrat. Arc Single establishes a new standard with industry-leading ergonomic design, upgraded graphic capabilities and 5.1 stereo surround sound.

Aristocrat will also show a collection of games from its strong portfolio including C*Series™, E*Series™, J*Series™ and M*Series™.
