

Aristocrat's Commitment to Combatting Modern Slavery

March 30, 2022

As a global leader in gaming content and technology, Aristocrat is committed to doing everything we can to combat modern slavery across our operations. We recognise it can affect any industry and we take our responsibility seriously, as well as being alert to the risks in our business and our supply chain.

Each year, we publish a comprehensive Anti-Modern Slavery Statement. It details the nature of our global operations, where we have particular risks and the steps we've taken to assess and remediate any issues in our business and supply chain. This includes everything from setting clear internal policies to undertaking supplier checks, visits and audits, and maintaining a system for any concerns to be raised and addressed.
