The latest hardware from Aristocrat Gaming is engineered to Reign with a custom curved 52-inch 4K touchscreen monitor optimally designed for player ergonomics, multi-color game-driven LED edge lighting, improved sightlines and wireless charging. Additionally, it comes standard with Gen10 electronics and custom-designed speaker enclosures to enhance sound quality all while offering up to 20% energy efficiency gains.

“At Aristocrat Gaming, we’re focused on providing premium products for our customers and our players to enhance casino floors globally,” said Craig Toner, CEO of Aristocrat Gaming. “The introduction of our latest hardware will allow customers to Reign with confidence with exceptional quality and performance they can trust from the industry’s top slot machine manufacturer.”
